

GT50/163/0004

**ROAD TRAFFIC REGULATION ACT 1984 - SECTIONS 64 AND 65
AUTHORISATION OF TRAFFIC SIGNS AND SPECIAL DIRECTIONS**

The Secretary of State for Transport, in exercise of her powers under Sections 64 and 65 of the Road Traffic Regulation Act 1984, and all other powers enabling her in that behalf, for the purpose of indicating a part-time 20 mph speed limit outside schools on roads in the Metropolitan Borough of Rochdale, hereby:-

1. authorises the erection at or within 5 metres of the sites marked with a blue cross on the attached set of plans numbered GT50/163/0004-1 of a plate (hereinafter referred to as "the authorised plate") conforming as to size, colour and character with that shown on the attached drawing numbered GT50/163/0004-2; and
2. directs that the authorised plate shall only be used in conjunction with both the sign to diagram 670 in Schedule 2 to the Traffic Sign Regulations 2002 (Part I of SI 2002/3113, "the 2002 Regulations"), varied to show "20", placed above, and with a light signal to diagram 4004 in Schedule 9 to the 2002 Regulations placed below; and
3. directs that the authorised plate, when used, in conjunction with the signs set out in paragraph 2 above, shall have on its reverse facing traffic approaching in the opposite direction, a sign to diagram 670 in Schedule 2 to the 2002 Regulations varied to either "30" or "40" (hereinafter referred to as "the speed limit sign"), which must be displayed at all times when the light signal to diagram 4004 is in operation; and directs that the speed limit sign shall display a blank black or grey face when the light signal to diagram 4004 is not in operation; and

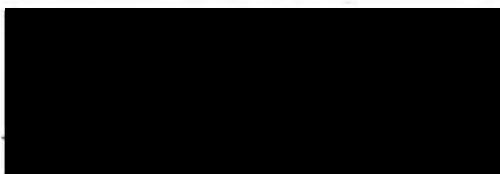

GT50/163/0004

4. directs that notwithstanding Direction 8(3) of The Traffic Signs Directions 2002 (Part II of SI 2002/3113) at the said sites any sign to diagram 670 either on the front or on the reverse of the sign at the said sites may be erected on only one side of the carriageway; and
5. directs that the speed limit sign shall only be erected at the said sites if the apparatus (including the content of all instructions stored in or executable by it) used in connection with it is of a type which has been approved by the Secretary of State; and
6. directs, without prejudice to any statutory provision to the like effect, that it is a condition of this authorisation that the placing of the authorised plate at or near the said site shall continue to have effect only until such day as may be appointed by one month's notice given by the Secretary of State in writing to the traffic authority for the removal or alteration of the authorised plate and on that day the said authorisation shall, without prejudice to the giving of any further authorisation or direction, cease to have effect.

The provisions of Regulations 12 and 31 of the 2002 Regulations shall apply to the authorised plate in the same manner as they apply to the sign to diagram 954 in Schedule 5 to those Regulations when used in conjunction with the sign to diagram 616 in Schedule 2 to those Regulations.

Dated 8 May 2012

Signed by authority of the Secretary of State

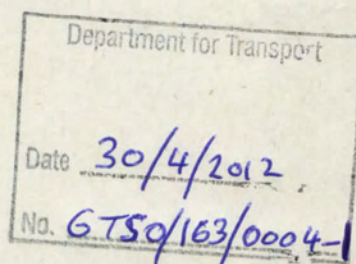

.....
A Delegated Official of the Department of Transport

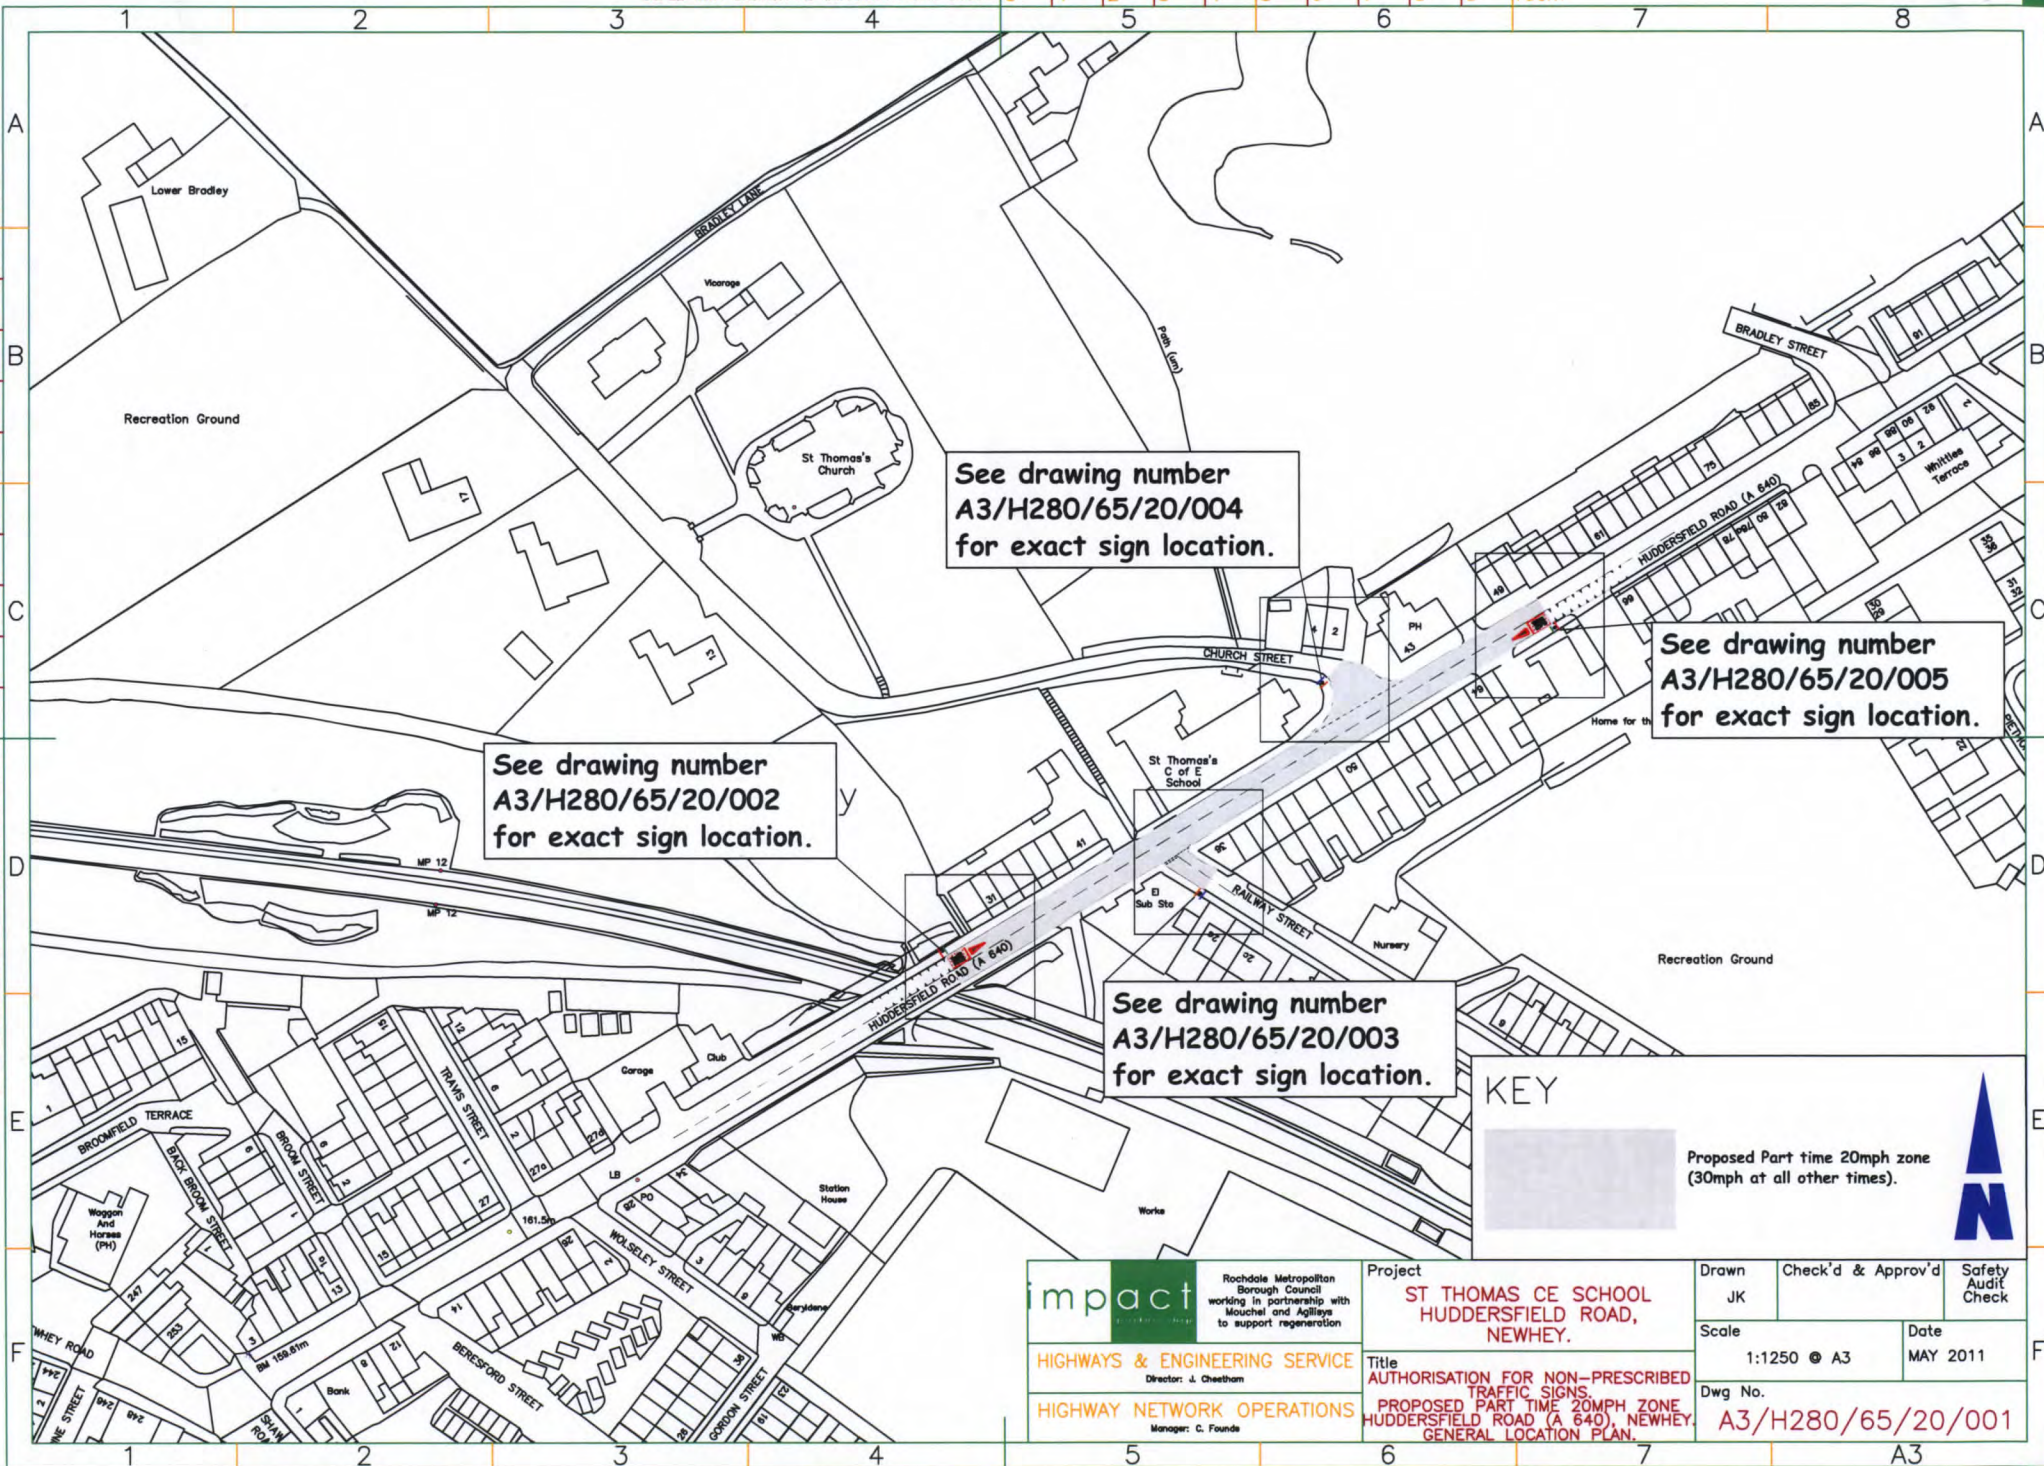

20 mph (part time) limits at Schools in Rochdale

Note In these plans the sign labelled as type 5 is a prescribed sign to diagram 670 in the Traffic Signs Regulations and General Directions 2002

All other signs labelled on the plans are only as authorised
